

At the past Area Committee Meeting, a motion was approved that will have the Assembly vote, again, on creating a separate Special Needs Committee to become effective with Panel 55.

Regardless of the outcome of that vote, for the remainder of Panel 53, Special Needs will remain part of the Public Information Committee, and as a member of the PI Committee, David H has been asked to head up the dissemination of information to the Area concerning Special Needs.

In February, District 82 Committee met and a presentation was made regarding the role of Public Information, as well as the resources Special Needs has available from GSO, and how this can be of service to the District and the Groups in the District.

At the Combined Five meeting this month, David H made a similar presentation.

Love in Service,

Bill M
